HOW MOREY'S PIERS FUNd RAISER WORKS:

Your school determines the ticket prices for your fund raiser (not to exceed the general admission rates.) Fund raiser tickets are priced to allow schools to raise money while providing their community with a discount to the piers and water parks.

Each student will receive an order form. Please indicate how many order forms would you like on the form below. Once the sale is over, students return their order form and payments to the fund raiser coordinator at your school. Your fund raiser coordinator simply mails in the orders' summary along with a payment (ONE check made out by the fund raising organization). Morey's Piers will mail your tickets within 10 business days.
